I sin nye bog fortæller Anders Fogh Jensen om styringen af mennesker under forskellige epidemier fra det 13. århundrede frem til i dag. Den analyserer epidemierne ud fra et styringsteknologisk, biopolitisk perspektiv og viser, hvordan mennesker har organiseret sig under epidemier. Det er ikke kun epidemierne, men også organiseringsformerne, der stadig påvirker vores samfund. Bogen indeholder desuden malerier af Rasmus Svarre Hansen
