ANABASIS er den oldgræske filosof, feltherre og historiker Xenofons (430-354 f.Kr.) skildring af de hen ved 10.000 græske lejesoldaters felttog gennem Persien fra omkring 400 f.Kr. Xenofon beretter personligt og vedkommende om de mange trængsler, som hæren gennemgik i bestræbelsen på at nå kysten og vende hjem til Hellas. Udgivelsen foreligger nu for første gang på dansk i digital form med udbyggede noter, ordforklaringer og søgbart indeks i Karl Hudes oprindelige oversættelse fra 1929.
