Bogen giver en grundlæggende og bred introduktion til Relational Frame Theory (RFT), som udgør det teoretiske fundament for terapiformen Acceptance and Commitment Therapy (ACT). RFT bygger på grundforskning inden for indlæringspsykologi, og beskæftiger sig med menneskelig tænkning, sprog og kognition. I bogen fokuseres der på såvel teorien som på dens udmøntning i klinisk praksis. Indeholder case-eksempler. Henvender sig til psykologer, psykoterapeuter, studerende samt alment interesserede i sprog og kognition.

Consulting services will diagnose what can and may.
